

•Grow up or not

•concept page

Through my research and interviews.I found an interesting phenomenon: Most Kids wanted to grow up in one night, but many adults want to go back to childhood.

They both don't understand the difficulties about each other.

Then I made a story book telling the story of the little girl Alice.

She also wanted to became an adult,but what did she dream about? Let's see.

Grow up or not

**I made the cover with the
character "Alice".**

**That's the first page -
The girl called Alice.**

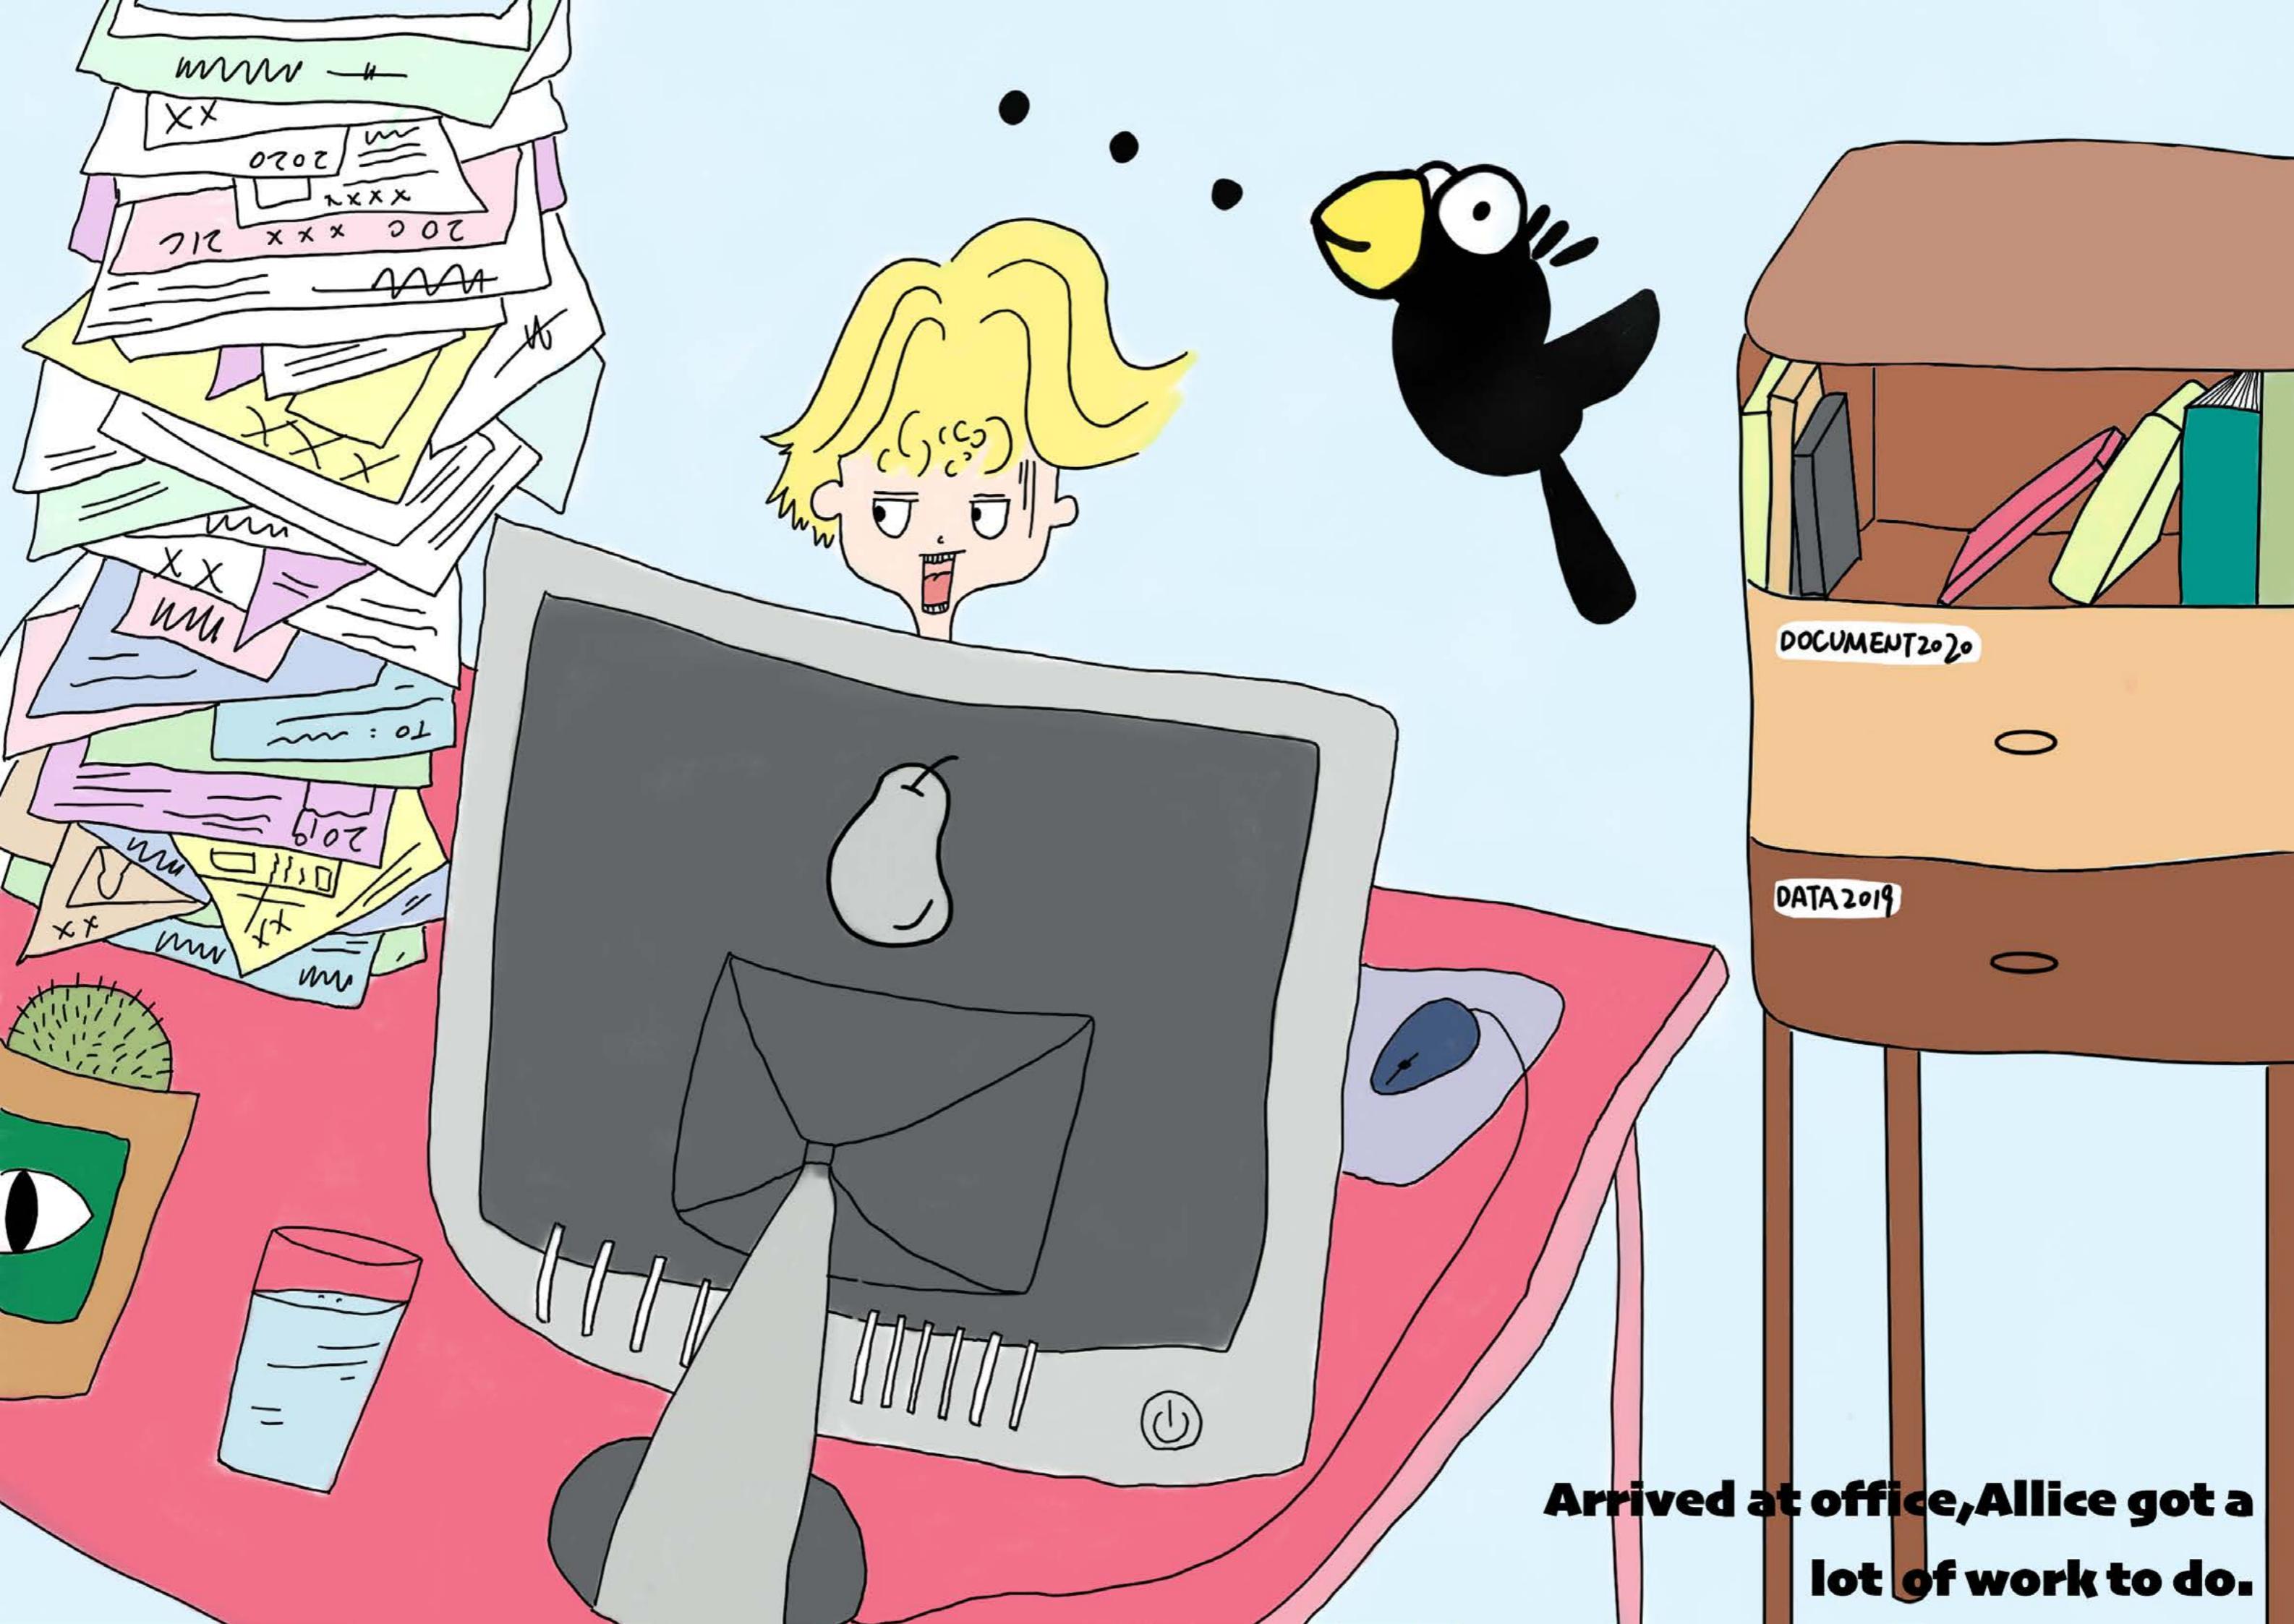

**Alice felt herself so small in the
crowds.she wanted to be tall.**

**One night she dreamt that
she became an adult.**

**she then went to work in a suit, by
subway, just like what she imaged daily**

**Arrived at office, Alice got a
lot of work to do.**

**On her way backed home,
Alice saw someone just
tiring out on the ground**

**At home, Alice was on the toilet
while the cat was hungry.**

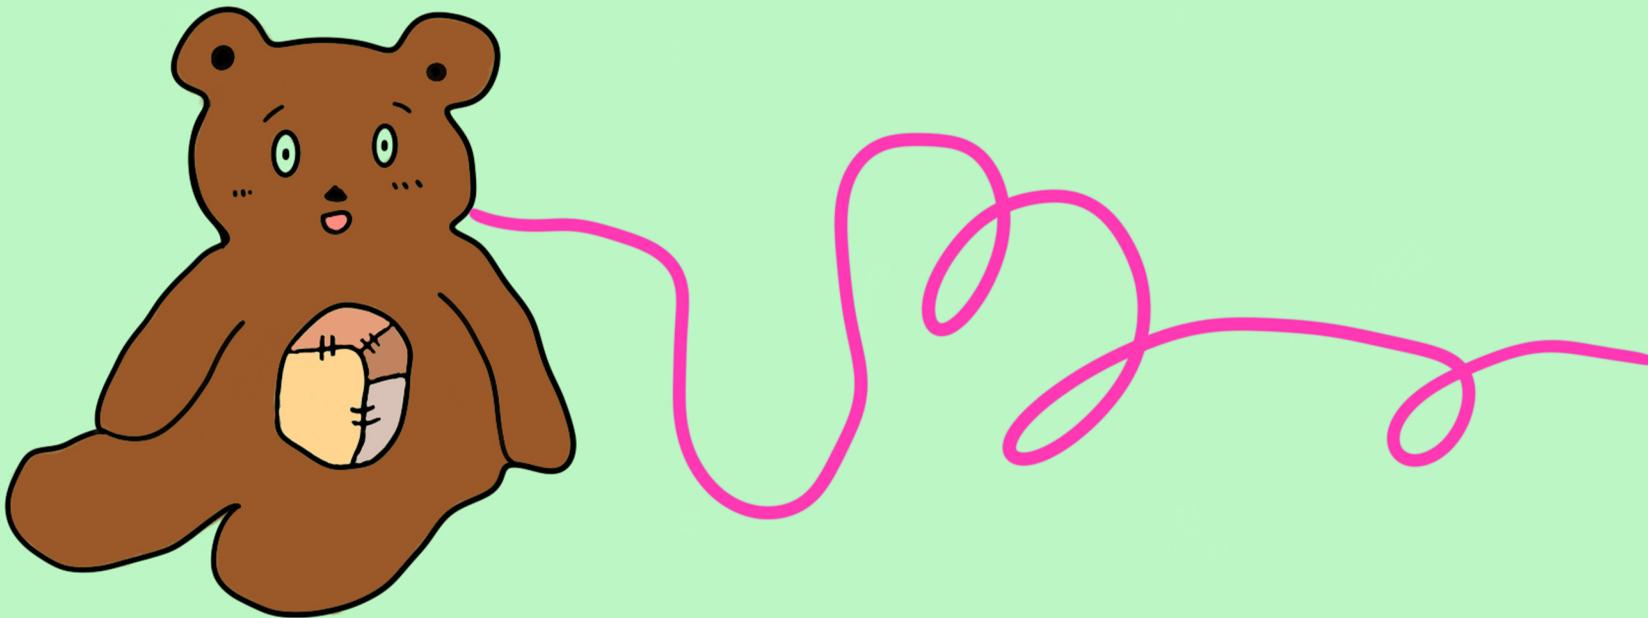

**She had to do dishes for the cat. The
cat was happy but Alice was tired.**

I MIGHT AS WELL
JUST BE A CHILD

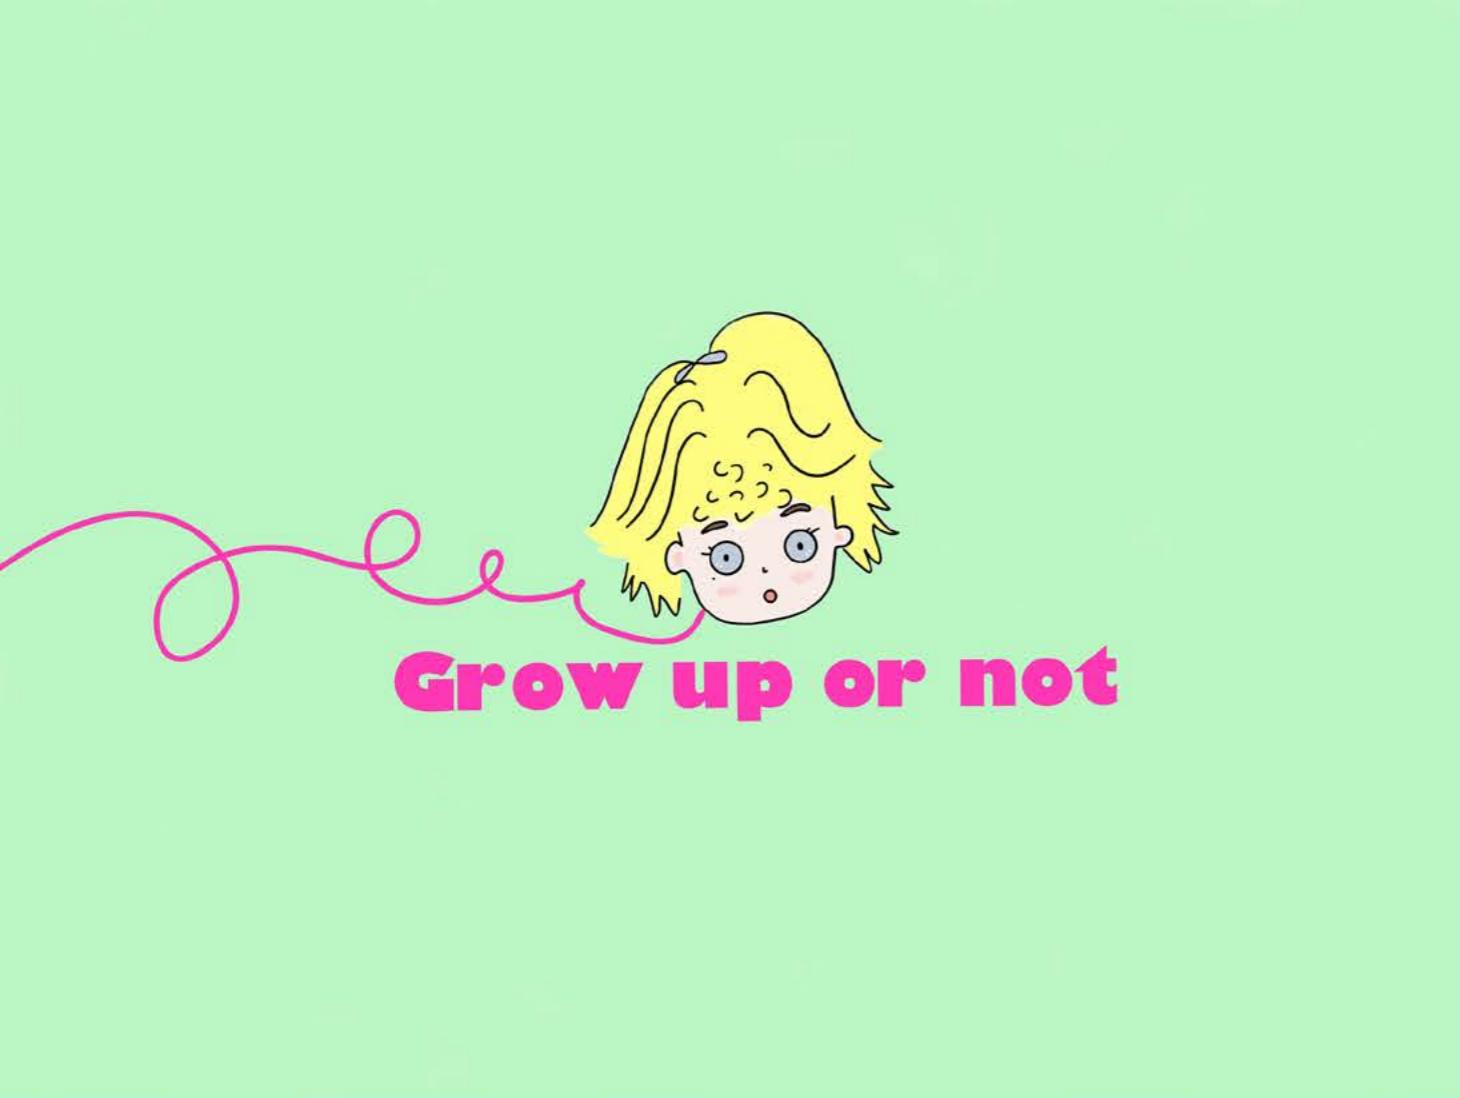

WAKE
UP

Suddenly she woke up, and
thought: I might as well to be a child.

**In the beginning of the story, Alice had a toy
bear in her hand.**

**I also drew the bear on the back of the
storyboard, which means Alice still wanted
to be a child in the end.**
